

Protection zone provided by a **Faraday Cage**

**FOREND**  
ELECTRICAL MATERIALS&FOREIGN TRADE CO.

Protection zone provided by a **FOREND ESE rod**

**FOREND**  
ELECTRICAL MATERIALS&FOREIGN TRADE CO.

#### FOREND SAYS:

There are very important differences between the protection provided by a faraday cage and an active ESE rod in lightning protection. ESE rods can gain you the following advantages.

- Based on the Project; 4 - 5 times lesser costs
- Easy and speedy installation
- The advantage of aesthetic appearance
- The advantage of labor savings in montage
- Availability of system's operation check as desired
- Based on the Project, capability of protecting an area 3 times larger
